## ADDED TERRORS AT GUAYMAS

Smallpox, Pestilence and Water Fam-  
ine Part of War Situation at  
Big Sonora Port

### EPIDEMIC ON AND NO SUCCOR AT HAND

Horror beyond description, in un-  
cared for wounded and diseased, with  
smallpox raging and other forms of  
pestilence claiming toll, are reported  
from both the state and the federal  
camps at and in the vicinity of Guay-  
mas.

The frightful situation is made the  
more shocking by the fact that it is  
necessarily permitted to go on in utter  
abandon in its mad orgy with  
death, for in neither camp are there  
anything like adequate supplies of  
drugs, and if there were there would

## Lack of Care Will Ruin The Most Beautiful Hair

SAVE IT WITH HERPICIDE

Aside from combing it, when they  
think care weary many people give no  
attention whatever to their hair.  
Then when the hair begins to fall out  
it never occurs to them that their  
trouble is the result of personal care-  
lessness.

An occasional application of New-  
bro's Herpicide will not only prevent  
loss of hair but permits a luxuriant  
growth. Hair losses are attributable  
to dandruff and the germ that causes  
it. The results following the intelli-  
gent use of Herpicide are frequently

a surprising nature. It removes  
the scale-like accumulations, leaving  
the scalp clean and free of dirt and  
thus allowing the hair to grow un-  
hindered by dandruff.

Newbro's Herpicide in 50c and \$1.00  
sizes is sold and guaranteed to do  
all that is claimed. If you are not satis-  
fied your money will be refunded.  
Applications obtained at the best  
barber shops and hair dressing par-  
lors.

Special Agent.

### A PROCLAMATION

BY THE GOVERNOR OF ARIZONA

In accordance with the deep rever-  
ence shown the American flag  
wherever it is displayed in symboliza-  
tion of "life, liberty and the pursuit  
of happiness" and in furtherance of a  
commendable custom rapidly grow-  
ing in favor among the different  
states of Union, whereby patriotism  
is fostered, and proper observance is  
shown of that day in history, 136  
years ago, when our Nation's flag  
came into being, I hereby designate  
Saturday, June 14th, 1913, as FLAG  
DAY, and I earnestly recommend  
that the citizens of Arizona on the  
day thus set apart shall cause the  
flag to be displayed on all public  
buildings, residences and places of  
business or social gathering; and I  
advocate, furthermore, that by every  
appropriate observance in the home,  
in civic centers and elsewhere, re-  
spect and love and other fitting tribute  
shall be paid to our National Emblem.  
In witness whereof, I have here-  
unto set my hand and  
caused the Great Seal of  
the State of Arizona to be  
affixed.

Done at Phoenix, the  
Capital of Arizona, this  
eleventh day of June, 1913.

By the Governor:  
GEO. W. F. HUNT  
Governor of Arizona.

SIDNEY P. OSBORN,  
Secretary of State.

### A Dispute

On Population

The PROSPECTOR is becoming unduly  
exercised over Douglas' efforts to get  
the county seat away from Tombstone.  
The kind of hot air—or rather foul  
air—that the International is emit-  
ting will create nothing more than an  
unpleasant atmosphere for the border  
town. That paper must be going  
daffy on the removal question when  
it claims that its town has the largest  
population of any in Cochise county.  
Douglas has less than 7,000 inhabi-  
tants, while Bisbee has fully 15,000.  
If the seat of county government is  
moved it will be located in Warren  
district. Rest assured of that—Cochise  
Tidings.

### Treat Your Town

in This Manner

Praise it.  
Improve it.  
Talk about it.  
Be public spirited.  
Take a home pride in it.  
Tell of its natural advantages.  
Don't call it the best citizens fraud.  
Induce others to trade in it.  
Help others who help you.  
Don't say its on the bum.  
Advertise in its paper.  
Consider above self.  
Boost it always.  
Don't knock

Prospector Readers

Charley Cave, steward in charge of

a long time and well known through-  
out the district, was taken to the C

consequent upon a hemorrhage of the  
brain.

At Miami, members of the miners'  
union balloted from 9 o'clock Wed-  
nesday morning until nine o'clock in  
the evening for officers of the organiza-

for president and J. A. Liles was re-  
elected financial secretary.

Thomas N. Wills, who recently sold  
a large string of cattle to House of  
California, delivered 800 head of cattle  
at Tucson. The range cattle are being  
gathered and delivered and the deliv-  
ery is satisfactory. The contract for  
this delivery calls for 3000 head  
and range rights. The price to be  
paid is \$90,000. It is thought deliv-  
ery will be completed September 1.

The Yuma board of supervisors at a  
recent session arranged with several  
prospectors and owners of mining  
claims in the neighborhood of Tule  
wells, twenty miles south of Tinsay  
Alas, to have the well cleaned out  
and curbed and a windlass put up.  
The board agreed to furnish the lum-

the wells and do the work.

A spectacular fire in the Gondolito

buildings to be burned to the ground  
and had otherwise devastated the

## RENEWALS OF COCHISE LEASES

School Land Leases in Cochise May  
Be Good for Two Years More  
--New Law On Permits

### RULING OF STATE LAND COMMISSION

The following letter was received by  
Clerk A. C. Karger of the board of  
superior courts, from the State Land  
Commission:

Dear Sir—

Receipt of your letter of the 6th  
inst is hereby acknowledged.

We beg to advise that laws were en-  
acted by the legislature, providing for  
the continuing of the present school  
land permits, for such period as might  
be designated by the state land com-  
mission, which in all probability will  
be for two years, or until March 15,  
1915; and for the leasing of school  
sections 2 and 32 and those of 16 and  
36 not previously held under lease.

However, the necessary rules, regula-  
tions and forms for the carrying out  
of these laws have not yet been pre-  
pared. As soon as this can be done  
we will be glad to send you a supply

of same, with full information as to  
the procedure. It will not be neces-  
sary for the present permittees to take  
any action with regard to the renew-  
ing of their lease as long as they are  
supplied with blanks and instructions by  
the commission, inasmuch as their  
rights are fully protected by the per-  
mits they are now holding.

Should you desire any further in-  
formation at this time, kindly  
advise.

Very truly yours,  
STATE LAND COMMISSION.

Splendid business opportunity in  
your territory. Big immediate re-  
turns. No competition. Only small  
investment required for full control.  
Write for particulars. Otto Szabo,

## Nearly 5,000 Miners Employed in Bisbee District

The Tidings says that Secretary  
Gray of the Commercial club has  
finished the work of ascertaining the  
number of men employed in and about  
the Copper Queen, C. & A. and Sha-  
tuck mines of the Warren district.  
The total number is only a few less  
than 4,700. These do not include

any of the office men. Mr. Gray esti-  
mated that enough men are working  
on leases to bring the total figures  
for Warren district up to 4,900. No  
wonder that this is a prosperous com-  
munity.

## Arizona Girl Seized With a Laugh- ing Fit at a Funeral

A Phoenix dispatch says:  
The strange funeral rites of the  
Chinese provoked the risibilities of  
Rachel Grijalva, a pretty 14 year old  
Mexican girl, that she laughed her-  
self into an insane asylum. Several  
days ago she attended the funeral of a  
Chinese. At one stage of the obse-  
quies, she was seized with an uncon-  
rollable fit of laughter. She has  
laughed almost continuously since, and

an examination by the lunacy com-  
mission resulted in her commitment  
to the asylum.

Physicians who examined the girl  
said she would die laughing unless  
some method was devised to relieve  
her condition.

Clothes cleaned and pressed. Sat-  
isfaction guaranteed. Leave all  
work at Blue Front Barber Shop.

## Arizona Has a Cement Mill Which Turns Out 250 Barrels Daily

The factory of the Arizona Portland  
Cement company is now turning out  
250 barrels of cement each day. Its  
capacity is 500 barrels, but only one  
furnace is running. Thirty men are  
employed and the force is to be in-  
creased to 50.

This plant is the only cement mill  
in Arizona.

Lime for the cement is brought  
from Wickenburg and the clay from  
some beds four miles west of Phoenix  
on the Buckeye railroad.
